<p><b>Cm   F</b>  <b>Cm   F</b>  <b>Cm   F</b>  <b>Cm   F</b>  <b>:: Cm   F ::</b></p>	<p>And I find it kind of funny, I find it kind of sad.  The measures we are taking are actually really bad.  For decades we have known that the climate's gonna change.  But people still ignore it, it's a very, very ...  Mad world ... mad world</p>

<p><b>Cm   F</b>  <b>Cm   F</b>  <b>Cm   F</b>  <b>Cm   F</b>  <b>:: Cm   F ::<sup>4</sup></b></p>	<p>For most people it's not funny and thing's are getting rough  The measures we are taking are really not enough.  I find it hard to tell them that we are much too slow  in cutting our emissions – It's a very very  <b>:: Mad world ... mad world ::</b></p>
